

PRESENT TRUTH

As I position myself into the New Year I am aware that we need to seek out and lay present truth as the foundation in our hearts; our lives must be built upon truth. Present truth refers to eternal truth, God's original blueprint for creation, being made known today so that it becomes revelation from which we live. Truth is found in Jesus Christ and imparted to us by grace. The Holy Spirit reveals truth in us and then enables us to unlock it into our present reality. Truth revealed inwardly will begin to find expression in our external experience. Let us go into this New Year positioning our lives within the reality of present truth until we see it expressed throughout our daily experience.

In the previous year many have experienced the misrepresentation of truth and have found themselves caught in a web of lies. Lies have pervaded their internal reality and misdirected their external lives. The onslaught against truth has been tough! However those who have endured will find a fresh strengthening within themselves. This year I get a strong sense that God is requiring us to live from truth and experience the reality of it in our lives. Misrepresented truth will transform into a present truth reality as our mindsets are renewed and reconfigured.

The Bible says in Proverbs 23:7, "For as a man thinks in his heart, so is he." Present truth will begin to pervade our thoughts as we let go of old mindsets and mentalities – old systems of operation and experience. As we consistently allow our thinking to be aligned with present truth through that which we desire, the reality of truth will be expressed throughout our life. Many will experience truth in a fresh, new way. Lifestyles, families and ministries will manifest present truth in a real and accurate way. Foundational truths will flow through our hearts into life; living out the reality of present truth will cause us to flourish according to our Father's original plan.
